OPINION

Pursuant to 42 U.S.C. § 1983, plaintiff, a state prisoner, filed this lawsuit complaining that he was subjected to excessive force by correctional officers and that a healthcare provider failed to intervene on his behalf and refused to document his condition after the assault; he also challenges the constitutionality of a disciplinary he received and his lack of access to medical care for two months. This lawsuit is now before the court on the recommendation of the United States Magistrate Judge that plaintiff's case be dismissed. There are no objections to the recommendation. After an independent and de novo

review of the record, the court concludes that the magistrate judge's recommendation should be adopted.

An appropriate judgment will be entered.

DONE, this the 7th day of July, 2017.
